TO THE SOLDIERS OF "FIRST TANK"

The pages of this book are dedicated to our most valuable resource - - the individual "First Tank" soldier. Singly, each of you have endured the hardship, deprivation and long hours made necessary by our unique mission. Collectively, you have built a reputation for professional excellence and achievement that you can all be proud of. I hope this book provides you with a reminder of your accomplishments, hard work and good friends. There is no command more desireable than stewardship of "First Tank"; I am fortunate to be a part of this great organization.
